to people personally. I called them. He had never heard of this bidding procedure. He had never heard of it. I talked to one person in a grocery store. He owned a grocery store. He is a taxpayer. He said, of course, you people stand down there and talk about all the times the federal government is trying to take away from us the right and look what you are doing to us. You are doing the same thing. Another point in this bill now will literally kill the SID effect, if there is a good thing about them. I don't know anything about them. CLERK: LB 294 introduced by the Judiciary Committee and signed by the members thereof. Read title. The bill was first read, Mr. President, on February 19th and then was apparently laid over. The Committee amendments have been adopted. There are no further amendments pending.

PRESIDENT: Senator Barnett.
